**KODIAK GAMING ANNOUNCES CLASS II APPROVAL OF  
GAME WARRIOR SOFTWARE PLATFORM™**

Miramar Beach, Florida. **Kodiak Gaming Ventures, LLC** announced today that it has successfully completed the review and received a positive corresponding lab report and recommendation that Game Warrior™ Software platform meets the Class II guidelines set forth by IRGA.

A comprehensive review was completed by Eclipse Compliance Testing a division of NFA 777 located in Solon, Ohio. The review and testing was requested by Kodiak Gaming to assist Tribal Gaming regulators in determining if the Game Warrior™ software platform is in compliance with the Grandfather Provisions of the document titled, **Technical Standard for Electronic, Computer or Other Technical Aids Used in the Play of Class II Games at 25 CFR Part 547** as issued by the National Indian Gaming Commission.

Nick Farley, President of Eclipse Compliance Testing quotes, “Based on our review of the Game Warrior™ Software platform and the associated code, we have determined that the game outcome is based upon a game of bingo.”

In total twenty-six (26) game titles and themes were reviewed which included a variety of 25L5R games, 3R1L mechanical slots and Keno games. Kodiak Gaming is excited to state that additional approvals are currently underway. With the additional reviews and subsequent positive outcome, our product offering will provide casino personnel with more exciting content and product option which will satisfy their most demanding customers desires.
